## BENEFITS OF FUTSAL - US SOCCER

“ In Portugal, all we played growing up was Futsal. The smaller court really helped my footwork skills.

If it wasn't for Futsal I definitely wouldn't be the player I am today. ”

**CRISTIANO  
RONALDO**

# LIONEL MESSI

“ In Argentina, when I was a young boy, I used to play a lot of Futsal on the street.

It was a really fun game that's helped me a great deal. ”

“ At 12 I joined a league to play Futsal. Your footwork had to be good to move in and out of traffic

I loved the challenge of playing in such tight spaces. ”

**Ronaldo Luís  
Nazário de Lima**

“ I played Futsal for many years and it helped me to become the player I am today. You don't have time to think....  
You are tightly marked and you develop a sense for performing in small spaces. ”

**Robson de  
Souza (Robinho)**

“ A lot of the moves I make originate from Futsal and to this day my ball control is pretty much a Futsal player’s ball control. ”

**Ronaldinho  
Gaúcho**

*“ I played Futsal growing up in Bauru. In Futsal you need to think quick and play quick so its easier for you when you move to normal football. ”*

### The football greats forged by futsal

(FIFA.com) 30 Oct 2012

A photograph of three men in dark suits and ties standing on a stage. They are looking towards the camera. The background is dark with some stage lighting visible.

And it is a style you can still detect today. Watch Neymar closely and you will see him use techniques he developed playing futsal. The **Brazil No 10** often traps and then shifts the ball with the sole of his foot, rather than the instep, a skill young Brazilians use on court in every game.

"Football owes futsal so much," said Manuel Tobias, one of futsal's greats and three-time world futsal player of the year, watching the youngsters in Fortaleza. "If we look at the Brazil team in this World Cup, around 10 players were registered with futsal clubs. Neymar, Willian, David Luiz, Daniel Alves, Luis Gustavo, Marcelo - they are a different type of player.

"They think fast, they are skilful and they are able to get out of difficult situations."

What is Futsal? How can it benefit you?

**WHAT?**

Futsal is the official five-a-side indoor soccer game and the only indoor soccer recognized by FIFA.

- 5v5 including the goalkeeper
- Small field (roughly the size of a basketball court)
- Touchline boundaries with no walls
- Ball is a special low bounce ball (Heavier and smaller than the official size 5 soccer ball)

*BALL SIZE: The ball forces a player to use their skill rather than the ball's bounce to propel it.*

**HOW?**

**It is a complete skill game.** Futsal develops the overall fundamentals of soccer more effectively. It has been proven that youth players develop quicker reflexes, faster thinking and pinpoint passing. It is a superior game in terms of establishing players' touch and technique.
